ABOUT

Doing Life Today

Patient-led Parkinson's education, community, and real-world experience.

Diagnosed with Parkinson's in 2010, Bryce Perry launched Doing Life Today to help people navigate life with Parkinson's through education, community, and real-world experience.

WHAT PARTNERS CAN EXPLORE

- Medication adherence and ON/OFF patterns
- Symptom, sleep, exercise, nutrition, mood, and off-state signals
- Care-partner burden and unmet-need patterns
- Trial feasibility snapshots by self-reported phenotype, geography, and diagnosis stage
- Community engagement and patient-language insights

Observational and hypothesis-generating; not clinical proof. No individual patient data is shared or sold.
